

ESR Pollmeier GmbH Servo Drive Technology

We will participate at the International Engineering Fair MSV in Brno (Brno Exhibition Centre) with about 10 m² at the booth of the German Federal Ministry of Education and Research (BMBF) in hall B, booth 36, see <http://www.esr-pollmeier.de/en/Aktuelles.php>

We are looking for a

Student or Engineer (male or female)

helping at the booth at MSV 2012, Brno for five days
from September 10th to 14th (Monday to Friday)

Supporting the general manager of ESR Pollmeier, you will have to take care of the visitors (asking for their requirements and accordingly give an overview of our corresponding products) and to translate for us. Languages required are Czech (native speaker) and English (German would be nice but is not required). It is important that you are proficient in approaching people.

Preferably you are a student or engineer of electrical engineering, mechanical engineering, or mechatronics with knowledge in the field of electrical drives and factory automation (e. g. PLC, CNC, motion control and/or fieldbus).

Working hours are from 8 am to 6 pm on the first day and 9 am to 6 pm on the other days. On Monday morning and Friday afternoon you should help setting up exhibits and packing them.

You should live in Brno so that there are no traveling expenses or hotel rooms required.

If you are interested, please send an application with CV including information about studies as well as activities beyond studies and your background in electrical drives and factory automation. Information on desired salary (which should include any expenses e. g. for urban transport) should be included too.

ESR Pollmeier GmbH ■ 64372 Ober-Ramstadt ■ Germany
